The AES Jog-A-Thon was a huge success! So far, the students have brought in a little over \$4700.00. PTO will be donating most of this money back to the elementary school to fund classroom field trips, provide money for special classroom projects, educational activities, or other needed curricular items throughout the school year to enhance the children's educational experience.

The following classrooms have earned a pizza party for bringing in the most money:

Mrs. Johnson's (\$697.50)
